A part of what I prayed for this morning was Jehovah is our God,It was to help me and my family get back to the field ministry I prayed more precisely for the holy spirit to help me get back into the ministry.I was going to the field ministry even if we will not go in times I prayed to Jehovah God for our exam,me and my brother will have a bible study and my brother will have a bible study with me.I was going to pray for Brother Kim to be there possible.This has happened to me time and time again through the daily text, research guide and the bible study chapters.Most if not all the answers to my prayers were simply in the bible study and articles this whole time.They were made to be helpful to me and for many of those things.So how is this even possible........ The TPT am so confused,so heck,Now Jehovah prepared the Bible and through his publication articles that have as much answers to many differing prayers as possible.I don't know if we do the matt,there are probably millions of articles and books to answer questions about But how I get answers this is easy to understand.My prayers is that since Jehovah understands us so deeply more than ourselves he knows the articles that will refresh us and provide long awaited answers from all the prayers we have this already prepared in advance and through his holy spirits helps us to be there wherever we pray for them.But the funnest thing about what happened today was I was thinking I prayed for something that the watchtower would answer.I was in the field ministry and I was thinking I prayed for something that I completed Wow,that's amazing,I feel good Hosea,Almighty Jehovah God,I pray your present on the spot,I feel more than excited.I was in the field ministry and I thought I have to read the watchtower because the Tests God prepared for me and my family Although,it is also for his people worldwide.I was thinking that I'd finish the watchtower article came at the right time.I came at the last day of the month and we have nothing to report it is an experience to report in the field ministry this new month.

Jehovah answered my prayer about helping mum with the landlord and water problem.There Mum was having machine and the landlord problem is sorted out partially but the bills grace.It will be fixed.I am eternally grateful.
