

# Clean I

## GAME STUFF

A game that is heavily inspired from epic fight but with roblox ux in games like jjk infinite, dimension x,etc.and the physics mod gui style.

Make up hashira:uses a bow and arrow for long ranged combat and daggers for short range.Make a shadowy herobrine boss or something

Jjk infinite

Rivals roblox game

Hollow knight

Guts n goals

Brawhalla

Hungry shark

New game idea:

Epic fight but with roblox gameplay experience and interface but with a chess power like system with combat gods stickman eye design. There will be a circle design and using the scrolls in the stickman revenge game on the pouvoir as passive skills.  
The name will be pawngames

Parallax effect for game loading screen

## INDIE GAME DEV TIPS

---

Take devlogs to build a community

Learn how to make your game aware to the right player base.

Be creative with your concept

Put your passion in the process of making your game not just in the idea

Listen,Get feedback from a player base

Don't make assumptions,ask.

Research the genre you are entering

Know the market

Look at similar games to your genre and understand how players review them

Check specifically sub tags to your genre

The right theme for your genre

## JW STUFF

---

- I should follow the life and ministry and read the required Bible chapters OUTLOUD.
- Read the last watchtower about field ministry.

## OTHER STUFF

---

Butter jaffa minecraft channel

Mister epic minecraft channel

Watch game devlogs

Get epic fight x jujutsu craft

Advertise products not for payment but in exchange of free products which I can then sell.

## MOST APPRECIATED SETMATES
